OSDL Rules of Play | OSDL follows the FIFA Laws of the Game as modified by U.S. Soccer (PDIs)

- Build Out Line** | Per U.S. Soccer PDIs, build out lines will be used at the 9U-10U age group.
 - When the goalkeeper has the ball, either during play or from a goal kick, the opposing team should move behind the build out line.
 - No punting is allowed in 9U-10U ages. After the ball is put into play by the goalkeeper, the opposing team can cross the build out line and play resumes as normal.
- Heading: Concussion Initiatives** | OSDL has adopted the recommendations from U.S. Soccer's PDIs concerning concussion initiatives.
 - No intentional heading of the ball will be allowed by players participating in any 9U-11U games regardless of actual age of the player.
 - When such a player deliberately heads the ball in a game, an indirect free kick will be awarded to the opposing team from the spot of the offense.
 - If a header occurs within the goal area, an indirect free kick should be taken on the goal area line parallel to the goal line at the nearest point to where the infringement occurred.
 - If a player does not deliberately head the ball, then play should continue.
- Offsides**
 - Per U.S. Soccer's PDI's, offsides will be in effect for all U10 through U13 age groups. **Note:** for 10U games, players cannot be penalized for an offsides between the halfway line and the build out line.
- Dropped Ball Procedures**
 - If the ball touches the referee (or another match official) and goes into the goal, team position changes or a promising attack starts, a dropped ball is awarded.
- Goal Kicks**
 - The ball is in play once it is kicked, and the ball does not have to leave the penalty area. The opponent must remain outside the penalty area until the ball is in play.
